Death is a doorway and on both sides of the doorway there is life. We will consider that as we become more aware in other realms, realizing that our true consciousness resides beyond life and death.

**SAME DAY from 1:00 to 3:00 pm. Sound, Sacred Geometry and Crystals for Personal & Planetary Transformation.**

Since ancient times the common thread between sound, form and the crystal kingdom has drawn us all into the awareness of the unified field from which we are all inseparable. Discover that all physical form, including crystals, is frozen music (sound or vibration). We will explore how this knowledge helps us flow with the great changes around and within us all. \$20 for each session or both for \$ 35.

**Friday, July 30<sup>th</sup>. - 10am to 5pm - Opening of the Gates @ The Center for Love and Light.**

The Opening of the Gates is an experiential day in which your energy flow is increased as each gate (dam) is opened. This energy flow enhances (Multi Dimensional) vertical access. Opening gates is accomplished using ancient and yet advanced Light & Sound Technology. The method requires techniques and abilities to enter your energy field, access your energy stream and engage the specific Frequency to open your gate.

The opened gate can flush out illusive personality debris, eliminating the momentum and freeing each of us to break old cycles and rediscover our lives, values and dreams.

\$ 125.00 Vegetarian lunch included.
